## Skills

### Project Management

### Problem Solving

### Digital literacy

### Leadership

## About Me

I am a Computer Science student passionate about computer networking and system administration. I have experience in basic network setup, troubleshooting, and using tools like Cisco Packet Tracer. I'm eager to enhance my skills and apply them in real-world IT environments.

## Education

### College of Computer Studies - Computer Science (2023 to Present)

*Laguna State Polytechnic University - Los Banos*

### Senior High School - ICT Strand(2021-2023)

*Laguna State Polytechnic University - Los Banos*

### Secondary High School (2017 - 2020)

*Colegio de San Juan de Letran Calamba*

## Certificates

- Crash Course on Python (Coursera, 2023)
- HTML & CSS Web Design (FreeCodeCamp, 2023)
- Foundations: Data, Data, Everywhere (Coursera, 2023)

## Project

### SmartSort: Job Application Tracker(Python)

- The Job Application Tracking System is developed using HTML, CSS, Python, and SQL, exploring the use of Selection, Shell, and Bucket Sort algorithms to enhance the efficiency of tracking and sorting job applications.

### iTinda(Figma)

- The iTinda mobile UI prototype, created in Figma, connects local buyers with nearby sari-sari stores through an intuitive and user-friendly design that promotes local commerce.

### Job Application Tracking(Java)

- The Job Application Tracking System is a Java-based platform designed to efficiently organize, monitor, and manage job applications using optimized sorting algorithms.

### SmartEnroll System(C#)

- The SmartEnroll system is an advanced enrollment management solution designed to streamline and enhance the student enrollment process for educational institutions.
